ELT Communications Policy

1. Purpose

To promote partnerships between the school, parents and carers, pupils and the wider community through efficient and effective communication.

2. Definition of communication

Every member of staff has a responsibility to support effective communications and needs to recognise that the quality of their communications reflects on our schools' reputation. Parents and carers, trustees and pupils also have a part to play in reflecting the school's reputation. We strive to ensure that communications between all members of the school community are clear, professional, timely and effective in their purpose.

3. Principles

ELT Schools use a number of different methods to maintain effective communication with parents and carers, other schools, the wider community and outside agencies. Depending on the nature of the communication, the school will use the most practicable means to contact the recipient.

Communication on issues that affect the safety and wellbeing of a pupil will be treated as a priority. The school holds emergency contact details for all pupils and families are asked to alert the school immediately if contact information needs to be revised.

Staff will always seek to establish friendly relationships with parents and carers but they will ensure relationships are professional and parents will be addressed in a formal manner. Staff are to avoid developing close relationships with parents and carers. The use of a parent, carer or staff member's first name is not appropriate; therefore, all communications will be to and from Mr, Mrs, Miss, Ms, Dr etc.

The Communications Policy embraces the principles of our schools' Equality Statement and Online Safety Policy (copies available on the [policy page](#) of the individual schools' websites).

4. Introduction

ELT recognises the importance of clear and effective communications with all stakeholders (pupils, parents and carers, staff, trustees, the local and wider community outside agencies, etc), and is committed to being open and accessible for all who have an interest in our schools.

The key stakeholders for a school are parents, carers, pupils, staff and trustees and this Policy addresses the main ways in which the school will ensure there is effective two-way communication between home and school.

Parents and carers have a key role to play in their child's education and as such the schools will seek relevant information from home to ensure that the school understands the needs of each child.

5. Aims of the policy

The aim of this policy is to ensure that effective communication and consultation takes place between our schools, parents, carers, pupils and other stakeholders and that there are robust processes to facilitate this.

Our schools recognise that engaging and working with parents and carers is a vital key in providing their child with an excellent education. Parents and carers are offered opportunities throughout the year to convey to us what they expect from and think of the school. Our wish is to involve as many parents and carers in their child's education as possible.

Our aims include the following:

- To make our schools as welcoming and inclusive as possible.
- Signage will be clear, informative and positive.
- All written and telephone enquiries will be dealt with promptly and parents and carers can expect an acknowledgement within 2 working days.
- A variety of forms of communication with parents and carers are used for example, telephone contact, e-mail, messages via School Apps, post and text.
- Parents and carers are contacted for positive as well as negative reasons.
- Information is given to parents and carers on what pupils will be taught and tips for helping their child will be provided.
- Parents and carers will be encouraged to help or support their child's learning at school and at home. Information will be provided in a timely way to enable this support to be effective.

6. Communication with parents and carers

i. Choosing the correct member of staff to address a query

Please see individual School Appendices which details who to contact and how to progress any query that is not successfully resolved.

ii. E-mail

E-mail is the school's preferred method of communication. Emails received will be acknowledged within 2 working days and responded to within 5 working days. Emails should be short and clear and the same care and consideration should be given as when sending a letter. Any items longer than a paragraph should be attached in word format.

Parents and carers may wish to contact the school via email for a general enquiry as an alternative to telephone or letter. The school email addresses for each school can be found in the Appendices.

Under no circumstances should staff contact pupils or parents and carers using their own personal email address.

iii. Letters

Staff will always reply to a letter from parents and carers as quickly as possible. A response to acknowledge receipt of a letter will be made by telephone, letter or email **within 2 working days and responded to within 5 working days**. Group or whole school letters/emails to parents/carers must be processed through the school administration team and approved by a member of the Senior Leadership Team before posting/emailing. Copies will be kept by the school administration team and posted on the website.

Copies of correspondence with parents and carers relating to individual students will be placed on pupil files on SIMS.

Any letters of concern or complaint should be dealt with in accordance with our schools' Complaints and Suggestions Policy (copy available in the on the Policy Pages of the individual school website).

Our schools will use standard templates for letters where possible.

Parents and carers are encouraged to provide our schools with a current email address for prompt and effective communication. However, if we are unable to obtain a current email address for any parent or carer, communications will be delivered home in hard copy by their child or sent by post.

The correct salutations must be used when writing to or emailing parents/carers/partnerships. The use of a parent, carer or staff member's first name is not appropriate; therefore, all communications will be to and from Mr, Mrs, Miss, Ms, Dr etc. and sign off is always full name Ms/Mrs/Mr/Dr Teacher Surname. Any relevant line manager / Head of House / Form tutor must be copied into letters or emails.

iv. Telephone Calls

Effective telephone communication can sometimes be a problem in a school where teachers may be teaching full-time and running clubs or working with pupils at lunchtime or after school. Parents and carers may be frustrated if they feel that a message elicits no immediate reply, when in fact there has been no available opportunity for the member of staff to reach a telephone to return a call.

In a non-emergency, a return call will be made within 2 working days, with any follow up action from the request /query/problem being dealt with within 5 working days. Staff will make a record of a telephone conversation with a parent/carer on SIMS.

v. Texts

Automated texts from SIMS are sometimes sent to parents/carers but are not used for general communications from members of staff and staff should not respond by text to a text message received from a parent/carer (but should respond using an alternative means of communication such as email or telephone if appropriate).

7. Absence

If a child is absent, parents and carers are asked to contact the school as soon as possible on the morning of the absence, for full details please refer to the Attendance Policy (copy available on the policy page of our schools' websites).

8. Meeting with Parents and Carers

Parents and carers wishing to meet a member of staff must contact the school to make an appointment.

This request should be responded to within 2 working days.

Parents and carers should report to reception prior to meeting with a member of staff. A member of staff may ask a senior colleague to accompany them.

Staff should call a meeting to a close in the event of the parents or carers becoming angry or abusive.

This should be reported immediately to a member of the Senior Leadership Team.

9. Reports and Progress

Parents and carers receive progress reports and a full annual report to provide information about their child's progress in each academic year. These reports are sent to parent/carers digitally.

In addition, parents and carers have the opportunity to meet their child's teachers during the year, at parents evening. Parents and carers should contact the school if issues arise about their child's progress or wellbeing. **The first point of contact should be the child's Form Tutor/class teacher.**

We welcome the presence of any other adult a parent or carer wishes to invite to a school meeting for support or to act as an interpreter.

10. Accessibility

We will endeavour to make any reasonable adjustments that may be necessary to enable a parent or carer with a disability to participate fully in a meeting or to receive and understand a communication.

The font used in all printed communications is Calibri 11. Documents printed using a larger font can usually be provided and requests should be made via the Office.

If a translation of a document is required, in the first instance parents/carers should access Google Translate.

11. School Website

The school website provides a range of information about the school, including:

- Curriculum information
- Pupil Premium information
- Homework and relevant App
- Uniform list
- Timetables
- School events
- Holiday dates
- School prospectus

It is used to promote the school to a wider audience and is updated regularly.

12. Educational Apps

Our Schools use a number of apps to support Teaching and Learning in the school environment. Each of these Apps have been cleared for GDPR compliance prior to use and they encourage parent and carer involvement in learning.

Parents also have access to data about their child's attendance and progress via online apps.

13. Severe weather and emergency closure

In the event of emergency closure communication will be made to parents and carers via email/SMS Parents and carers should also tune in to local radio and check the school website and social media channels (e.g. Twitter).

14. Prospective parents/carers

The school prospectus is published on the website.

Prospective parents and carers are invited to an Open Events in the Autumn Term of the year preceding their child's year of entry to the school and to attend published tours to enable them to see the school operating.

Prospective parents and carers are also invited, along with their child, to an induction evening in July where the main channels of communication are outlined, and important information will be shared.

15. Supporting parents and carers of pupils with Special Educational Needs and Disabilities (SEND)

The school recognises the importance of positive relationships with parents and carers of all pupils with additional needs. The SEND Code of Practice emphasises the importance of positive, supportive attitudes to parents and carers and user-friendly information and procedures. All staff will make every effort to ensure effective communication with parents and carers.

All staff within the school are expected to help parents and carers understand how to contribute effectively to their child's education and will make every effort to ensure that parents understand their rights and responsibilities. All relevant information will be provided in a way for all to understand and respond to.

When pupils who have special educational needs are making less than the expected progress or if they are experiencing behavioural difficulties, we would expect to meet with parents and carers more regularly. Parents and carers are encouraged to communicate immediately where they have a concern about their child's needs being met and should also refer to the SEND section of the website.

16. Investigating incidents

When investigating an incident involving pupils, school members of staff interview all pupils involved and ask them to complete a written account. The school will only share any information that would identify any pupils in accordance with data protection regulations and legislation and our policies (a copy of our data protection policy is available on the policy page of the website).

17. Monitoring, evaluation and review

A member of the senior leadership team and the ELT will review this Policy at least every three years and assess its implementation and effectiveness. The Policy will be promoted and implemented throughout the school.

The next review is due: January 2025
